

Town of Davidson, NC Comprehensive Plan **Plan Advisory Group Meeting #3**

January 7, 2018
Board Room in Town Hall
216 South Main Street
Davidson, NC 28036

The purpose of this Plan Advisory Group Meeting #3 is to run through a preview of the January 17 Conversation on What's Next Workshop and review and answer questions that will be posed to the community during the second round of engagement. This will allow PAG members to provide input on content and prepare to serve as table facilitators during the workshop. The group will also review and discuss findings from the community snapshot report, which they received on January 4, and review findings from the first round of public input. The public engagement report will be delivered later this month.
